

# COMMUNITY SUSTAINABILITY ANALYSIS, PART 1 and PART 2

## CAPTURE THE CURRENT PICTURE and IDENTIFY PRIORITIES TO SUSTAIN OUTCOMES

This section will help you determine the aspects of the Regional Prevention Partnership (RPP) grant you wish to sustain using the Strategic Prevention Framework (SPF) process.

<b>Sustainability priorities What would you do again?</b> The components of your work that must be sustained in order to continue to make progress on your outcomes	<b>Criteria to Continue (From Check list page 4)</b> Impact Resource Potential Support Still a Need	<b>What adaptations need to happen for this to continue?</b>	<b>What needs to be done to ensure effective implementation and continued infrastructure development to sustain prevention outcome for this activity or strategy?</b>
<i>Facilitate a monthly meeting and provide prevention TA to strengthen connections between community sectors, through the common interest of promoting positive youth development</i>	<ul style="list-style-type: none"> <li>- Increased community capacity to deal with the issues</li> <li>- Commitment exists</li> <li>- Key decision-makers' support</li> <li>- Discontinuing will have a negative impact</li> </ul>	<ul style="list-style-type: none"> <li>- Community funds prevention TA</li> <li>- Community recruits and sustains meeting members</li> </ul>	<ul style="list-style-type: none"> <li>- Evaluate meeting members' perception of effectiveness of meetings, meeting attendance</li> <li>- Evaluate action items identified at meetings compared to actions taken in the community</li> </ul>
