**About the Trainer:**

Gisela Rots, MS has over fifteen years of experience in substance misuse prevention programs and public health. She has directed regional and community-level efforts, developed and implemented community-driven efforts based on evidence-based public health planning models, and provided training and technical assistance to local, state, regional, and national audiences. Her specific expertise includes responding to opioid overdose, using a trauma-informed approach to prevention, health communications, and developing cross-sector partnerships. She has experience working in HIV/AIDS prevention programs, youth programming, and international relations.

She received her BA in Political Science-International Relations from the University of Maryland at College Park and her Master of Science in Gender and Social Policy from the London School of Economics. She is a Certified Prevention Specialist and holds a certification in Global Mental Health: Trauma and Recovery from the Harvard Program in Refugee Trauma.
