

Marijuana Prevention

Addison County

Drivers Education Class

Mt Abraham High School

In the fall of 2019, the UWAC prevention staff was asked to join and host 6 of the drivers education classes at Mt. Abraham high school. Specifically, the teacher asked UWAC to present on the effects of marijuana while driving. This was a unique opportunity to discuss marijuana impaired driving with a vulnerable population, TEENS!

PEEPS

New
Coalition!

Partners Educating &
Empowering Prevention for
Success

In November of 2019 UWAC launched a primary prevention specific coalition in Addison County. One of the coalition's focus this year has been addressing the perception of harm as it relates to marijuana and alcohol. PEEPS hosted a discussion about marijuana legalization, perception of harm & perception of use that included youth, parents, teachers, teen center reps, law enforcement, and DLC to build capacity for policy change in Addison County towns

CADCA 2020

Youth Summit

During the 4 day summit students participated in workshops and breakout sessions learning about marijuana prevention, policy change, youth empowerment, and spent a day on Capitol Hill speaking with Vermont State Representatives to discuss their concerns about youth access to marijuana and social norms

10 students, 2 teachers
